Circles of Support

Queensland Ballet’s Circles of Support bring together individuals who have taken their passion for ballet to a higher level, providing valuable support to sustain our vision for excellence in all that we do, including:

- Inviting connection with the magic of our artform and all that it enables
- Providing pathways to elite ballet, and nurturing dancers of the future
- Enriching lives through ballet and helping to build cohesion and strength across communities
- Embedding the arts into communities and contributing organically to daily life and aspiration

This annual giving program enables us to continue to create magical productions enriched with live music; partner with world-class choreographers; nurture our artists to achieve their full creative potential and inspire audiences; and engage with ballet lovers of all ages.
