

Queensland Ballet In-School Workshop Pre-Registration Pack

Thank you for your interest in Queensland Ballet's (QB) in-school workshops. Our Education Teaching Artists put the fun into the fundamentals of ballet with in-school, safe, educative and inclusive dance experiences.

Created and tested with children at heart, QB's in-school workshops are rigorously designed with the Early Years Learning Framework, Australian Curriculum – The Arts Learning Area: Dance Subject and Senior Dance Syllabus in mind, ensuring all workshops complement the teaching and learning taking place in the classroom.

All repertoire and contextual information are adapted and tailored to accommodate the diverse learning needs of students in different year levels.

Student Inclusion

All our in-school workshops are inclusive to children of all needs and abilities. We encourage visits to Special Schools and Special Education Programs, and our Teaching Artists are trained to work with and support the learning and needs of children of all abilities. If you have a student/s with high needs, we recommend having a teacher aide join in the workshop/s to facilitate and assist that student for their maximum engagement and experience.

Locations, Dates and Times

QB's in-school workshops are available for schools (state, Catholic and independent) and kindergartens throughout the year at a negotiated date and time.

QB's in-school workshops can be delivered at the school or kindergarten's location or external community hall (as organised by the participating school and kindergarten).

Venue Requirements

Schools and kindergartens must provide a large open space (preferably with a sprung floor) which:

- Is clear of obstacles and objects;
- Has smooth and uninterrupted surfaces (that is, no nails or splinters);
- Has access to a sound system with AUX input;
- Has access to digital technologies to show students exclusive, behind-the-scenes footage;
- Has no other classes or distractions nearby; and

- Allows enough room for students to move simultaneously without touching and be able to travel across the area, understanding the concept of moving through the space.

Concrete and carpeted areas will require substantial adjustment to the program of activities.

Regional Engagements

During QB's annual Community Regional Tour, our talented Education Teaching Artists will be hitting the road to deliver free workshops for kindergartens and schools across regional Queensland. To find out if we will be visiting your community, visit our website [here](#):

Education Teaching Artists

The workshops will be delivered by QB's Education Teaching Artists, a team of highly trained dance professionals who are of an exceptional standard, many of whom have either come through QB's training programs or are former dancers with the Company. Participants can expect a high level of professionalism and expertise from their teachers who in turn will expect to be shown respect and a readiness to learn. The Education Teaching Artist will arrive at least 15 minutes prior to the commencement of your workshop, and will go to the Administration building to sign in. It would be great if you could have someone greet and escort them to your dance space.

Participants and Supervision

If the space permits, the maximum number of students for a single workshop is:

- 20 kindergarten students;
- 60 primary school students; or
- 30 high school students.

There is no minimum number of students required for schools to register a workshop. There is no limit on the maximum number of workshops per school or kindergarten.

Participation in an in-school workshop always requires students to be supervised by either their school / kindergarten teacher/s, administrator/s or parent/s / caregiver/s / volunteer supervisor/s.

QB Teaching Artists will not be responsible or expected to manage the behaviour of students who are being disruptive to the class. If a student is displaying this type of disruptive behaviour, it is expected that the schoolteacher/supervisor/carer will manage the student's behaviour and/or ask them to leave the classroom so that the other students participating are able to get the most out of their workshop.

To ensure every student participates in the experience fully, it is expected that one supervisor is assigned for:

- Every 20 childcare centre and kindergarten students; or
- Every 30 primary and high school students.

QB's Education Teaching Artists must not be tasked with supervision.

What to Wear

Students should wear comfortable, easy to move-in clothes (skirts/dresses are not appropriate). We encourage students to wear ballet shoes if they have these, otherwise bare feet or socks are acceptable. No participant will be required or allowed to wear pointe shoes.

Students should bring a water bottle and turn off their mobile phones.

Publicity, Photography and Recording

QB prefers to manage publicity for our in-school workshops. We ask that if you are interested in any publicity at your school, childcare centre or kindergarten as part of this visit to please contact QB first to discuss.

Video recording will not be permitted throughout the experience; however, schools, childcare centres or kindergartens are able to photograph their students during the workshop with prior verbal permission from the Education Teaching Artist. If QB takes photographs or video recordings, the school, childcare or kindergarten will be provided Project Consent Forms.

Registration Process

Teachers or nominated school or kindergarten administrators should individually complete the registrations form on our website.

Step 1: Registration

When registering, schools or kindergartens will be expected to provide their contact information and details of the chosen year group/s, and preferred location/s, date/s, time/s and workshop/s.

Schools or kindergartens are also required to accept the Terms and Conditions which form part of this Pre-registration Pack. There is an assumption that these Terms and Conditions will have been discussed with the school or kindergarten Principal or Director.

Step 2: Notification

The school or kindergarten will be contacted by QB's Education Manager to negotiate a date and time for the workshop/s as convenient for the school or kindergarten.

In the event a photographer has been booked by QB, the school or kindergarten will be notified if Project Consent Forms are required for their workshop/s. In this event, the school or kindergarten is responsible for distributing and collecting signed QB In-school Workshop Project Consent Forms for every participant (students, teachers and supervisors). The school or kindergarten must return the completed and unamended forms to QB.

Step 3: Invoice and Payment

After receiving all required information and forms and the workshop/s details have been confirmed, the school or kindergarten will be sent, in a convenient and timely manner, an Information Pack including invoice, payable before workshop/s are delivered. Payment of the invoice will confirm the booking.
